# ECLIPSE LIGHTING

**Eclipse Lighting** is a **US manufacturer** of a broad line of affordable, award-winning architectural LED fixtures for indoor and outdoor applications.

The Eclipse aesthetic begins with clean styling incorporated into a modular family of luminaires resulting in a selection of more than 200 designs that compliment any space.

## APPLICATIONS

**Canopy | Commercial Property | Design Build |  
Facilities Natatoriums | Parking Structures | Public  
Spaces**

# ECLIPSE GARAGE SERIES

## BENEFITS

Competitively priced  
10-year Warranty  
High Efficiency

## STANDARD FEATURES

Easy to install  
Easy to service  
Visual comfort  
Thermal management  
Uplight

## LED Multi-Purpose Surface Mount Pendant Luminaire

### Power

35 to 100 Watts  
3K to 5K LED Color Temps

### Engineering

Black, Bronze, Custom, Painted Natural Aluminum or White  
Pendant Mount

### Controls

Motion Sensor  
Dimmable

**BAA Compliant**  
**Integral Battery Back-up**

## LED High Bay Smart Luminaire

Integral Wi-Fi Mesh Network Controller  
Motion Sensor / Daylight Sensor

### Power

50 to 180 Watts  
3K to 5K LED Color Temps

### Engineering

Black, Silver or White  
Hook, Adjustable Bracket, Aircraft Cable Mount, Indirect,  
Pole, or Pendant Mount

### Controls

Motion/Daylight Sensor  
Dimmable

### DLC Listed

Integral Battery Back-up

# PG14 Parking Garage Canopy

## 14" LED LUMINAIRE

**Vandal Resistant**  
**IP65 tested and approved**

### Power

45 or 70 Watts  
3K to 5.6K LED Color Temps

### Engineering

Bronze or White  
Pendant mount or Trunnion mount bracket

### Controls

Bluetooth Enabled with TelleLight System  
Dimming/Sensor Options  
Occupancy Sensing | Bi-Level Dimming

### DLC Listed

**Quick Ship Item**  
**5-Year Limited Warranty**

# PG12 Parking Garage Canopy

## 12" LED LUMINAIRE

**Vandal Resistant**  
**IP65 tested and approved**

### Power

40 or 60 Watts  
3K to 5.7K LED Color Temps

### Engineering

Bronze or Epoxy coating for Natatoriums  
Pendant mount or Trunnion mount bracket

### Controls

Bluetooth Enabled with TelleLight System  
Dimming/Sensor Options  
Occupancy Sensing  
Bi-Level Dimming

### DLC Listed

**Quick Ship Item**  
**5-Year Limited Warranty**

# GR13 SERIES

## Garage 13" Diameter Luminaire

Unique Ring Design  
Wet Location

### Power

67 or 97 Watts  
4K or 5K LED Color Temps

### Engineering

Black Finish  
Hook, Pendant or Surface Mount (via Adjustable Bracket)

### Controls

PIR Occupancy Sensor

### Emergency

16W (2000lm) Battery Backup / 90min

# GR13W SERIES

## Garage 13" Diameter Luminaire

Unique Ring Design / Uplight Illumination  
RoHS Compliant / Wet Location

### Power

45, 60, 70, or 100 Watts  
4K or 5K LED Color Temps

### Engineering

White Finish Standard (Optional Black, Bronze, Silver)  
Pendant or Surface Mount (via Quickmount Plate)

### Controls

PIR Occupancy Sensor

### Emergency

Remote Emergency Battery

# GR16 SERIES

## Garage 16" Diameter Luminaire

Low Glare / Edge Lit Design  
IP65/IK08/3G Vibration

### Power

32 to 90 Watts  
3K to 6.5K LED Color Temps

### Engineering

White  
Ceiling, Pendant or Trunnion mount bracket

### Controls

Occupancy Sensor  
Dimmable

### DLC Listed

Integral Battery Back-up

# GR18 SERIES

## **Garage 18" Diameter Luminaire** High Performance / Shallow Profile Design NSF / ROHS Compliant

### **Power**

60 to 75 Watts  
3K, 4K, or 5K LED Color Temps

### **Engineering**

White  
Hook, Pendant or Surface Mounting

### **Controls**

Occupancy Sensor  
Dimmable

# GR18G SERIES

## Garage 18" Diameter Luminaire

High Performance / Shallow Profile Design  
Low Bay HID Replacement

### Power

36, 64, or 71 Watts  
3K, 4K, or 5K LED Color Temps

### Engineering

Black, Bronze, Silver, White Finishes  
Pendant or Surface Mounting

### Controls

Occupancy Sensor  
Dimmable

### Emergency

Integral Emergency Battery

# VTA Vaportight

## 2' or 4' LINEAR LED LOW BAY LUMINAIRE

**Weather Resistant**

**Made in the USA | ARRA Compliant**

**IP67 rated**

**IP69 Rated with Parking Garage Polycarbonate/Acrylic Lenses.**

**NSF International Certified (NSF/ANSI 2 - Food Equipment).**

**Compression molded self-extinguishing fiberglass reinforced polyester housing with UL 5V flame rating and F1 weatherability.**

**Continuous perimeter poured gasket assures lens seal to housing.**

**Choose from 5 lens types and latch options.**

### **Controls**

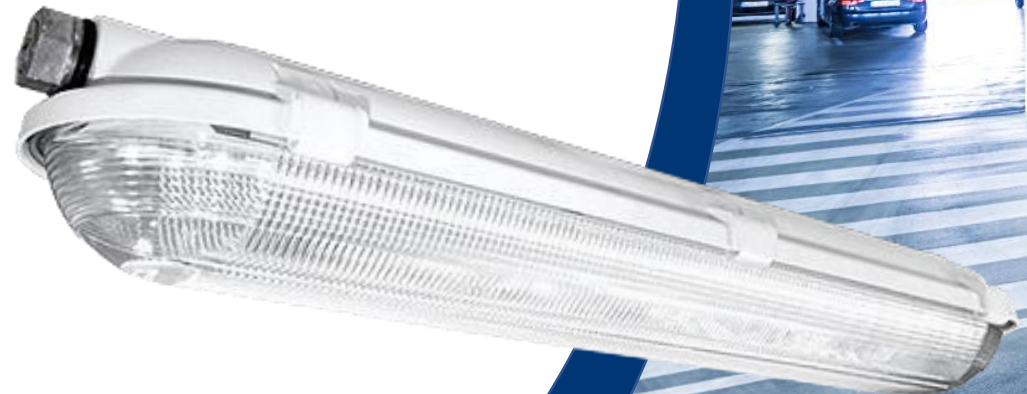

Bluetooth Enabled with TelleLight System

### **Dimming Sensing Options**

Bi-Level

0-10V Dimming

Motion Sensor

# VTC-S Vaportight

## LINEAR LED

Made in the USA | BAA Compliant

Vandal resistance enclosure

NSF International Certified

IP67 Tested and Rated

5VA Fiberglass housing

Ribbed shallow lens is impact resistant frosted acrylic.

DLC Listed

## Controls

Bluetooth Enabled with TelleLight System

## Dimming/Sensing Options

Occupancy Sensing

Bi-level Dimming

Bi-Level Switching

## Emergency Battery Option

5-Year Limited Warranty

# TelleLight SR-Series

## THE PINNACLE OF LIGHTING CONTROLS TECHNOLOGY

The cutting-edge convergence of Eclipse LED Fixtures, Bluetooth Mesh, Wireless Sensors, and Controls, plus Control software, taking your project to a new level of energy efficiency, performance, and quality management.

Ease of installation and use.

Adds new levels of flexibility, energy efficiency, management and quality.

A collage of images showcasing the TelleLight SR-Series lighting control system. It includes various components like sensors, switches, and power packs, as well as software interfaces and a variety of Eclipse LED fixtures. The layout is organized into sections with labels for each component or software feature.
